Terms of Business, Pricing and Delivery

Payment

- 1 Your remittance, or card details, should accompany any order sent by post, which should include your address and telephone number.
- 2 Payment is acceptable by all major credit/debit cards, cheque (subject to the usual conditions), bank transfer and PayPal (please send payment to sales@m-machine.co.uk via the Paypal website).
- 3 Cheques and postal orders made payable to M-Machine.
- 4 We require full card details for debit/credit card payment. Please ring if unsure.

Goods

- 1 Although care has been taken in the compiling of this catalogue, no liability can be accepted for any error.
- 2 On the rare occasions where damage or loss of goods in transit occurs, compensation may be paid after a satisfactory investigation.
- 3 Ideally, goods for mail order will be a maximum of 750mm in length, but please state if specific lengths above this are required, as we can supply lengths up to a maximum of 3 metres but with modification of carriage charge.
- 4 Goods will usually be despatched within 10 working days or as soon as complete.

Catalogue Prices

- 1 Unless otherwise stated, lengths of material will be supplied plus or minus 2%. Please ensure you order sufficient to cover your FINISHED length.
- 2 Most prices are quoted as price per foot/300mm or per inch/25mm.
Please note that you can order the exact amount of material you need but requirements less than one inch/25mm will carry the inch/25mm price and requirements less than one foot/300mm may carry the foot/300mm price band.
- 3 We reserve the right to charge a minimum of £6.00 for goods on very small orders.
- 4 Carriage charges will be applied as follows: Packages up to 1kg in weight will be sent by first class post with a minimum charge of £4.80. Packages between 1kg to 5kgs will be sent by carrier at a cost of £9.00. Consignments weighing 5k to 15k at £12.00, >15k £0.50p per kilo extra. Any parcel exceeding 1.5metres in length will be subject to special rates.
- 5 **VAT (at 20%) is included in all prices in this catalogue.**

Black (Hot Rolled) Steel is ideal for cold bending and is more stable when machining.

These flats are only available in Metric sizes. Please enquire if your size is not shown.

Heat Treatment of Silver Steel

Hardening: Heat to 770 - 790 Deg C then quench in cold water. This achieves 64 - 64.5 HRC.

Quench in 10% Brine solution to give maximum hardness of 65 HRC

Tempering: Soak for at least one hour at temperature to obtain desired hardness

Temp C Rockwell C

175 62.5-63.5

200 61-62

250 58-59

300 54-55

Heating: To prevent decarburisation and scaling. Heat in temperature controlled salt bath.

These figures are approximate and more details can be found on our website.
